

Treffler TS300-horse.

Although the name suggests it is for a horse, you can also fit this harrow to your tractor.

The Treffler TS300-horse is a 10ft unit fitted with:

- warning shields
- 2 pendulous wheels on track adjustment beam on the front of the machine
- 2 wheels on tracks adjustment beam on the rear of the machine
- seat with suspension
- stepladder
- system for lifting the tines
- combi springs (for extra sensitive harrowing at the early stages)
